

Venado Valley October and November Patient Feedback

Venado Valley Behavioral Health:

- Love Tara
- We have used a lot of providers in our care plan. I will say Kristen is amazingly helpful with my son. We are getting to know the other people in our care team.
Thank you

Venado Valley Medical:

- Dr. Jennifer Vanyo-Novak is the best ! I understand that she is your medical director so only sees patients one day a week. But she is such a gift to people; I only wish that she could be cloned so that multitudes of people could thrive under her compassionate care. She is a blessing to anyone fortunate enough to come into contact with her. A treasure, indeed!
- I like visiting this office
