

Venado Valley December Patient Feedback

Venado Valley Behavioral Health:

- I have had a wonderful experience from everyone with NOAH. From community outreach, scheduling, office staff & Dr's. I am truly grateful & feel like my needs are being cared for. This has all been amazing.
- I've been with Sophia Campbell Burrell for almost a year now and she is the greatest straightforward and has a spiritual side of things which I so so much appreciate
- My first visit to My Clinician, Cindy, - which is amazing - was a miracle. I could certainly expand on this but I'd probably get writers cramp. Please feel to call me for the full story of how this meeting happened. But Cindy is a treasure sent by God.
- You guys are the best!

Venado Valley Medical:

- Dr. Jennifer Vanyo-Novak was very thorough& listened to all my questions & concerns
- Good service
- I'm very glad to be a patient under the care of Noah providers, they are efficient, friendly, knowledgeable in every way. They are awesome!
- This is without a second thought the cleanest, fastest, professional, efficient, professionally run doctor's office I've ever been in.
